

Chiron 101 **BE YOUR OWN HERO**

What are the implications of Chiron—its astrology, myth and cultural context?

This presentation is guaranteed to change your perspective on one of the relatively newer additions to sky lore and what it means to you.

Discovered in 1977, Chiron the planetary body turned out to be as hybrid as the mythical being after which it was named, the wise “mentor centaur.”

Chiron was the first of a whole new class of astronomical objects, named centaurs for their characteristics as half-comets and half-planetoids.

Often called “the wounded healer,” astrological Chiron’s mission is to show us how to break through the old pain that keeps us stuck, to give back to our community and find fulfillment.

Chiron invites us, like himself, to become composite beings—more fully embodied spirits on a journey for wholeness and belonging. Just as Chiron turned out dozens of heroes in Greek mythology, Chiron in your astrological chart is the stuff personal heroism and wholeness are made of.

**Sunday, April 17, 2011
1:30 – 3:00 pm**

Following regular NCGR-Sacramento Area Astrologers business meeting @ 1:00

**Planet Earth Rising ✦ 625 Sutter St. ✦ Folsom, CA
\$5-NCGR members; \$8-Nonmembers**

More info: info@ncgrsacramento.org or (916) 276-1858

JOYCE MASON has specialized in Chiron throughout her 23-year career as an astrological consultant and writer. She created the Chironic Convergence in 1996, a weeklong school near Chiron’s mythical homeland in Greece. Her work has appeared in *The Mountain Astrologer* and many astro-publications at home and abroad. More recently, her popular blog, [The Radical Virgo](#), features over 120 of her articles, old and new. Joyce is author of two e-books on Chiron and has contributed to two books by Donna Cunningham. Joyce is known around the globe for her work on Chiron and her trademark of writing about astrology with both depth and humor.
