MAY 2014 MEETING

ALEKSANDAR IMSIRAGIC FIXED STARS AND LOVE

The magic of love is deep rooted in every person. However, the deepest need of each soul is seen through the picture of Fixed Stars. Through this lecture we will

specifically enliven the love viewpoint of the heavenly constellation and its stars. Where is the love story with the happy ending?

Aleksandar Imsiragic (ISAR CAP) is ISAR Education Director and founder of the Johannes Kepler Astrological Institute in Belgrade, Serbia. He has been an astrologer for more than 25 years, teaches meditation, has written eleven astrological books, and has organized annual International Astrological Conferences in Belgrade since 2001. His work is based on a synthesis of Western and Eastern traditions of knowledge, and his special interests are in the fields of fixed stars, karmic astrology, and astro-healing. Contact Aleksander at aleksandar@keplerunited.org, +381.64.248.0037. Visit www.keplerunited.org.

Sunday, May 18, 2014
