### **Wealth: The 2nd House & Lifetime Financial Planning** *Lecture*

Classical astrology has specific methods to examine how matters of a house change over time. This lecture considers one of the most practical applications: how to use this technique to develop a lifetime financial plan.

### **Crash Course in Electional Astrology** *Workshop*

Learning the traditional rules of electional astrology can be a lengthy process, in part because most works assume that the electional astrologer has already mastered horary. However, there are a small number of very direct techniques which can be used for perhaps 70% of all electionals, from a job interview, to making phone calls for gain, for timing presentations or rituals, to incorporating a business. The more conventional electional should be used for surgery or other dangerous procedures, or long-lasting electional like marriage. The great advantage of this quicker electional system is that, not only can it be learned through a simple series of procedures, but it does not require delpt knowledge of traditional astrology in order to apply it.

*Lee Lehman: In her four decade development as an astrologer, practical application is one persistent hallmark which has defined Lee Lehman. Lee has a Ph.D. in Botany from Rutgers University. She is author of The Ultimate Asteroid Book(1988), Essential Dignities (1989), The Book of Rulerships (1992), Classical Astrology for Modern Living (1996), The Martial Art of Horary Astrology (2002), Astrology of Sustainability (2011), Traditional Medical Astrology(2011), Classical Solar Returns (2012), The Magic of Electional Astrology (2014), and a translation from the French of Papus' Astrology for Initiates. She is Vice President of the Board of OCA Corp., and teaches at IAA, the Midwest School of Astrology, Avalon School of Astrology, and Kepler College. She is a Tutor for the School of Traditional Astrology, both in horary, and in a medical course which she has designed. Her correspondence courses, Classical Studies (natal, electional, gaming, mundane and advanced horary), bring classical astrology to the forefront as an astrological system. Her Perennial Herbal takes ancient astrological herbalism onto the web.Lee was the recipient of the 1995 Marc Edmund Jones Award, and the recipient of the 2008 Regulus Award for Education.*
