

MEET AND BEFRIEND YOUR INNER COMMITTEE

LEARNING ASTROLOGY THROUGH EXPERIENCE
WITH LINDA BYRD

Suitable for: Non-astrologers, beginners, intermediates and above
*An ideal opportunity to learn about yourselves, spouses, partners, friends, co-workers, etc. by doing this together. (Couples discount offered**)*

In this experiential format you will come to meet the different parts of yourself through the lens of astrology.

We are in a time of unparalleled change. Old ways aren't working, and it's natural to feel afraid and "out of control". Relationships are up for evaluation, but if we don't really know and accept ourselves, how can we fully accept another. Astrology provides a key to your unconscious and serves as a tool to take advantage of these energies of change. ***Small group breakouts where we experience similar energies to ours first-hand make this ideal to do with significant others - see discount below.*** This workshop series will not only give you knowledge of astrology but is an opportunity for profound personal growth. While we will be covering the basics of astrology, the class will be focused on you and your chart in a workshop format...

- 1) Basics - Where your inner committee is sitting at your conference table - Elements and Qualities
- 2) Moon & Ascendant - Your emotional security needs and your public persona - Conditioned patterns
- 3) Sun & Mercury - Your essence and how you think and communicate
- 4) Venus & Mars - How you love and go about getting what you want
- 5) Jupiter & Saturn - What you love and what is unconsciously holding you back
- 6) Uranus, Neptune, Pluto - Generational influences and how they impact you personally
- 7) Integration - You may have parts of yourself that are "at odds" with other parts - Here's an opportunity for harmony!
