JUNG, ASTROLOGY, AND DREAMS

AN EXPERIENTIAL WORKSHOP

GREG BOGART

November 12, 2017

1 p.m. - 5 p.m.

Jung cast birth charts for his patients and also studied their dreams. Following Jung's example, this presentation explores the connection between planetary symbols and archetypal figures and themes appearing in our dreams. We'll consider how dreams reflect celestial symbolism while astrology reveals the internal order and meaning of dreams. Combining astrology and dreams has the power to awaken us emotionally and energetically. *Participants are invited to bring a dream along with their natal chart and transits and will be eligible to have their dream/chart used as an example.*
