*Workshop: 1 p.m. – 5 p.m.*

**The Rhythms of Your Life:**

*Honing Your Forecasting Skills*

### **LECTURE: Jupiter: It's Too Much – But Is It Enough?**

Jupiter reveals how and where we're blessed – so much so that we can inspire others with its message. But can Jupiter be too much of a good thing? Frank will look at the charts of people with a prominent Jupiter to gauge its wide range of expression in temperament and manifestation. From the evangelist and guru to the con artist, from the philanthropist to the diva, we'll examine the various exemplary and sinister sides to the Greater Benefic.

### **WORKSHOP: The Rhythms of Your Life: Honing Your Forecasting Skills**

As consultant astrologers, rather than using forecasting tools to make firm predictions, we do our best work when we articulate the processes that can take place under various transits, progressions or directions. If you've ever been daunted or overwhelmed by forecasting, this seminar will offer a number of tools (including 'Define and Connect') to simplify the process of interpreting upcoming trends, and Frank will address a number of factors to take into consideration. Along the way, he'll introduce you to the most reliable and accurate forecasting tool, Solar Arc Directions, and show you how to use these simply and effectively to achieve maximum results. You'll be amazed!
