## LINDA KAYE ASTEROIDS

*February 26, 1 p.m. - 4 p.m.*

**BUSINESS MEETING PRIOR**

*Our general election will be held at our business meeting on February 26, preceding our lecture.*

During the first half of this lecture we will explore the four Venusian Asteroid Goddesses and discover how they each represent unique qualities of the Venus archetype:

- *Juno: The Goddess of Right Relationship*
- *Vesta: The Goddess of Light & Spirituality*
- *Pallas Athena: The Goddess of Right Action*
- *Ceres: The Goddess of Nurturance*

This year's first Solar Eclipse is occurring *on this very day* in the mystical sign of Pisces!

During the second half of the lecture we will shift gears and discuss Eclipse energies. This will be a particularly exciting opportunity to learn more about how Eclipses contain the potential to release, renew, and transform our natal charts. Join Linda as we embrace this Eclipse and its Astrological message in our lives.
