TWO-PART EVENT

Workshop: 1 p.m. – 5 p.m.

LECTURE **Saturn/Pluto Cycles and the Great Conjunction of January 2020**

Already in process and much talked about, the Saturn/Pluto conjunction beast is a force to be reckoned with. Yet, with the exact conjunction ahead of us in January 2000, do we really understand what this conjunction is about? What the spiritual intentions are? From an evolutionary Astrology point of you, we aim at getting to the bottom line, the “why!” Maurice will explore this dynamic and review the different expressions of this cycle through the course of history. We will talk about the effect of this conjunction through the houses.

WORKSHOP **Relationships in Astrology**

We all need answers in our love lives, and Astrology is there to deliver! The natal chart and transits provide deep insights into our relationship dynamics and lessons. How can we identify the wide range of needs, from celibacy to stormy passion, and life long commitment? Maurice will include the role asteroid Juno in this paradigm.
